Multi-Chambered, Fusion-Welded Frame and Sash for Strength and Durability

Dual, Spring-Loaded Night Latches allow ventilation while deterring forced entry

Tilt-in Sashes allow for easy cleaning from inside the home

Interlocking Meeting Rails provide additional security

3/4" Insulating Glass High-Performance Low-E/Argon optional

Metal Reinforcing adds rigidity to all handle and interlock rails

Positive Sloped Sill for water run-off

Reality 8000

...a legend in the making

Double-Hungs offer the traditional look. Sashes tilt-in for easy cleaning.

Picture Windows allow maximum viewing and bring the outdoors indoors.

Slider Windows are a great choice when space is at a premium.

Decorative Grids provide extra flair. Available for all window styles.

affordable quality...warranted for your peace of mind

Insulated Glass

Warm Edge Perimeter Spacer

Best warm edge technology available! Comes standard on all Reality 8000 windows.

High-Performance Low-E/Argon

High-Performance glass option saves energy and provides greater interior comfort.

Argon Gas

Greatly enhances insulation factor! Reduces fuel bills and helps keep home quieter.

About *ENERGY STAR*...

The *ENERGY STAR*® label was introduced by the Environmental Protection Agency (EPA) to help consumers quickly and easily identify windows and other products that save energy. The performance requirements for *ENERGY STAR* qualifying products are tailored to meet the energy needs of the country's different climate regions. Reality 8000 windows meet *ENERGY STAR* criteria for the entire United States!
